

HESS ADMITS HIS GUILT IN HIT-RUN CASE

Wayne Clarence Hess, 23, of 133 Lumber street, Littlestown, was held for the April term of Adams county court Wednesday afternoon by Justice of the Peace Robert P. Snyder on a hit-run charge in connection with the state police investigation of the deaths early Sunday morning of three Dickinson college students.

He signed a plea of guilty, waiving indictment on a charge of failing to identify himself at the scene of an accident and failing to render medical aid, but reiterated his statement to state police earlier that he knew nothing of the fatal accident.

"I did leave. I did not stop, but I didn't know anyone was injured," he told Squire Snyder after the charge had been read to him in the presence of Sgt. W. Kurt Duhrkoff, in charge of the local subsection of the state police here, and Pfc. Robert Brady.

Surrendered Tuesday

Hess was arraigned before Squire Snyder at 3:45 o'clock Wednesday afternoon in the squire's office in the Kadel building and heard the charge read to him, section 1025, subsection B of the state motor code.

"This is not a manslaughter charge," Squire Snyder informed him.

Hess, a painter and truck driver employed by R. J. House, Riverdale, Md., surrendered to Maryland state police Tuesday and was brought to the Adams county jail by Sgt. Duhrkoff and Officer Brady Tuesday night. Squire Snyder fixed bail on the hit-run charge at \$1,000 and Hess was remanded to jail.

To Hold Inquest

State police, investigating the fatality in which a car carrying the three Dickinson students plunged off the highway and dropped 160 feet to the bottom of the quarry, found a bumper guard and piece of moulding near the scene. The parts fitted the Hess car, police said, and Maryland police **impounded** the vehicle.

Hess maintained that his car had been struck by another vehicle after he had pulled off the highway at the quarry to turn around about 12:15 a. m. Sunday, but he said he did not

Bonnie Bryson Wins In Sesqui Seal Contest; 5 Others Cited

A design submitted by Miss Bonnie Bryson, Gettysburg high school freshman and daughter of Dr. F. B. Bryson, Baltimore street, has been selected as the official seal for the Adams County Sesqui-Centennial celebration.

The selection was made Wednesday evening at the court house during a meeting of the executive committee of the Sesqui planning organization. Selection of Miss Bryson's design carries with it a \$10 cash prize from the Sesqui organization.

Honorable mentions were awarded to designs submitted by the following: Glenn Bream, Gettysburg high school sophomore; Sondra Pensinger, sixth grade pupil at Meade school; Curvin Kroust, Gettysburg high school freshman; Kathleen Starnier, Biglerville high school senior, and Linda Wilson, Gettysburg high school junior.

Miss Bryson's design is a circular arrangement with the words "Adams County Sesqui-Centennial" around the bordered edge. In the center is a reproduction of the county court house superimposed on a map of the county. The dates 1800-1950 appear at the bottom of the sketch together with a keystone, a basket of fruit and leafed branches. A crossed saber and gun were used by Miss Bryson to indicate the historical element.

The winner was selected from among more than 40 entrants from many county schools. More than an hour was spent in reaching the decision and Dr. Robert Fortenbaugh, vice chairman of the committee who presided, said the group's task was a difficult one because "a considerable

He said that in 1946, the Physician's committee spent \$356,000 for propaganda against the plan, and was reprimanded for it, whereas the federal government illegally spent \$70,000,000 of unappropriated funds for its propaganda for the bill. He recommended that every thinking American read John T. Flynn's book "The Road Ahead," which traces socialistic trends in other countries and tells what can happen here.

Dr. Gifford spoke of personal contacts which he had made with Englishmen, whose opinion was that so-

FREE WOMAN
"LIFER" TO DIE
FROM CANCER

Detroit, March 23 (AP)—A broken old woman serving a life prison term for a crime of passion was free today to go home and die of cancer.

The children of Mrs. Minnie Lambert, 61, came here to take her home.

Gov. G. Mennen Williams commuted her sentence late yesterday after he was advised by physicians she had only six to 10 days to live. For the past 18 years she has been a prisoner in the Detroit House of Corrections.

Mrs. Lambert has been under treatment at Receiving hospital for advanced cancer, asthma and heart disease. Her children pleaded with the governor for her release "so she won't have to die in prison."

The woman was convicted in Cheboygan county in 1932 of first degree murder for plotting the shotgun slaying of her husband, Darius, so she could marry his brother, Albert.

It was a county love affair. The brothers had adjoining farms. Mrs. Lambert and her brother-in-law admitted plotting her husband's death. They feared he had found out about their affair.

Mrs. Lambert gave her brother-in-law a shotgun and shells. She sent her husband on an errand to her brother-in-law's farm. Albert hid in ambush behind a tree, and Darius was slain.

Albert Lambert, who also was convicted, died six years ago in Southern Michigan State prison.

Minnie Lambert has 10 grown children. Six of them have been at her bedside here. She has 30 grandchildren.

Spring Brings

part of the state and a wide area in the northern part. A six-inch fall caused a city-wide power failure in Lock Haven. Heavy rains drenched the Philadelphia area, and there were minor flood threats in some streams. Perliomen creek at Collegeville rose between eight and nine feet above normal.

Storm Damage Widespread
The Pennsylvania Turnpike was covered with snow from Donegal to its eastern terminus. Somerset reported six inches of snow and Breezewood 10 inches. In Montrose, Susquehanna county, the snow reached 20 inches, and in Pleasant Mount, Wayne county, 25 inches. Lewistown was without power service for eight and a half hours. The failure closed schools. Pennsylvania railroad trains operated one to two hours late between Harrisburg and Williamsport, due to lack of communication between signal towers. Power lines were snapped at Mont Alto sanatorium, which had 16 inches of snow. Williamsport schools were closed, a bridge at Lancaster over the Conestoga was washed out. In several sections automobiles were damaged when trees fell on them.

Blame Coastal Storm
The Weather Bureau said a "deep coastal storm" moving up the Atlantic area was at least partly responsible for the trouble.

Philadelphia had 137 inches of rainfall in an overnight downpour that soaked the city and adjacent counties. Perliomen creek overflowed at several points near Collegeville, Montgomery county. One road near Oaks was closed by the rising water. There was no immediate prospect of serious damage. The Schuylkill river at Philadelphia was more than four feet above normal but began subsiding before noon.

NEW YORKER IS
NAMED TO AEC

Washington, March 23 (AP)—President Truman's appointment of Thomas E. Murray, New York engineer, to the Atomic Energy commission appeared likely today to meet with little opposition in the Senate.

Many senators said they didn't know Murray personally, but thought his engineering, business and executive background qualified him for the post. There was no critical comment.

"I know him by reputation and his reputation is excellent," said Senator McMahon (D-Conn.), chairman of the Senate House Atomic committee.

Murray's appointment to the atomic post vacated by Chairman David E. Lilienthal February 15, was announced yesterday at the "Little White House" at Key West, Fla., where Mr. Truman is vacationing. The nomination will be sent to the Senate for confirmation later in the week.

Although Murray will succeed Lilienthal on the five-man commission, he will not take over the chairmanship.

Sumner Pike will continue as acting chairman until after April 15, when Commissioner Lewis L. Strauss is due to leave and Mr. Truman will have another spot to fill.

Murray's term, along with those of the other commissioners, will expire next June 30. The president then is required to name five commissioners for terms ranging from one to five years.

NEW CANDIDATE

Harrisburg, March 23 (AP)—State Senator George N. Wade of Cumberland county announced his candidacy today for the Republican nomination for lieutenant governor. Wade, a critic of Gov. James H. Duff's policies in the 1949 legislature, said petitions already have been placed in circulation on behalf of his candidacy.

Washington, March 23 (AP)—The House armed services committee may give final approval tomorrow to a \$665,000,000 military public works authorization bill—involving Army, Navy and Air Force construction here and abroad.

The committee, considering the measure for weeks, has tentatively approved hundreds of items. Some, however, are still in dispute and may be deleted.

Harrisburg, March 23 (AP)—The Kutztown high school received a \$35,000 state check late yesterday to fight a mine fire that is endangering that Northumberland county school. Gov. James H. Duff presented the

INDIAN BAND
"HIGH STEEL"
BRIDGE CREW

Wilmington, Del., March 23 (AP)—A band of Canadian Indians gathered on the banks of the Delaware river today wearing plastic helmets in place of their tribal headdress.

And the "weapons" they carried were rivet hammers rather than tomahawks.

The redmen in this case are veteran "high steel men" employed by the American Bridge company to work on the huge span to be erected across the river from a point south of Wilmington to New Jersey.

The Indians coming here are mostly from the Caughnawaga reservation on the St. Lawrence river in Quebec Province.

Skill Discovered

According to Fred Montour, one of the first to arrive, Caughnawagas have been building bridges since 1886, when their skill was discovered during the construction of a Canadian-Pacific bridge over the St. Lawrence.

The story goes that the bridge company on the St. Lawrence project agreed to hire reservation Indians as common laborers—depending on wind-jammer sailors for the rivet work aloft.

As work progressed, the Caughnawagas demonstrated their catlike ability in scaling the bridge's uppermost girders as well as an uncanny sense of handling the rivet hammers.

Use Special Shoes

Since then, as the story has it, scarcely a major span has been erected without the help of Indian rivet crews.

Montour, who is only 27 now, has been working as a bridge riveter for ten years. Before coming to Wilmington, he was employed on the Mystic river bridge project in Massachusetts.

Montour says that, while the Indians can walk a girder 500 feet in the air with the same ease the average person feels on a city sidewalk, safety is still the watchword with the "high steel" men.

He wears a stout pair of rubber soled shoes, a sort of cross between the American schoolboy's "sneakers" and bowling shoes. A plastic helmet offers protection from falling rivets.

Poultry
Pointers

By FREDERICK BLOCK
Coccidiosis

Many poultry raisers think that coccidiosis, which used to be one of the most dreaded of chick disease, is no longer a problem, because there are excellent medicines and preventive agents available. In spite of this fact good management is better than simply relying on the use of chemicals. While the next pointer will deal with the most effective medicines and preventive agents, this one tries to explain what coccidiosis is, what age chicks are most susceptible, and why in spite of good medications one should prevent its outbreak without the use of drugs, if possible.

Coccidiosis is caused by small protozoan parasites which are the smallest beings known in the animal kingdom. There are many harmless protozoans around, but the kind which causes coccidiosis, and which is called coccidia, can do a great deal of harm. These coccidia which live in the intestines of birds, lay eggs (I call them eggs to avoid technical terms). These eggs are expelled with the droppings of the birds, and when eaten by chicks develop into blood sucking parasites which find their way into the very tender skin of the chick's intestines, and mostly into the cecum, which some people call the chicken's appendix, because as in the case of humans, it no longer seems to have a function, but both organs can cause a great deal of trouble. The greatest difficulty for poultry raisers with these expelled coccidia eggs is that cold weather, or too hot weather does not destroy them, and that they can live in a kind of dormant stage for a great length of time. This is the reason why chicks placed on yards where older birds had previously been, can catch this disease. Many old birds become resistant to coccidiosis, are good layers, but are also carriers of it. Coccidia eggs are harmless at the time of being expelled, and become dangerous only when necessary heat and moisture is prevalent. The most dangerous season for chicks to catch coccidiosis is when weather in spring and early summer is hot and humid. It is most dangerous in the brooder house, when conditions are not sanitary, and litter gets damp.

Therefore when one raises chicks under sanitary conditions with dry litter, and when one has the floors scraped off from old droppings and left overs, and has disinfected the floors and spots where previous poultry had been kept, coccidiosis has a small chance to break out.

When raised on wire floors where droppings fall below the wire, and chicks have little chance of ingesting any parts of droppings, one does not have to worry about an outbreak of this disease. The time when chicks are most susceptible is between three to five weeks of age.

MOTHER OF 4 KILLED

Philadelphia, March 23 (AP)—A mother of four was found dead in her home today after an explosion wrecked the kitchen. She was identified by Radnor township police as

Mrs. J. J. Clutz. Police said the blast is believed to have been caused by gas. It blew out the kitchen door and windows and aroused next door neighbors.

HAVERFORD HI DEFEATS YORK QUINTET 41-40

By BEN FRENCH

Harrisburg, March 23 (AP)—Haverford high school today is far out in front of the PIAA Class A basketball race—thanks to a single point.

The lanky young Ford tripped York's defending eastern titlist last night at Hershey, 41-40, to move directly into the eastern regional finals next Wednesday.

However, the Haverford combine will face a tough hurdle the next time it takes to the court. The Fords probably will be matched against either Allentown or Swoyersville, two of the state's highest regarded teams.

Swoyersville places its 26-game winning streak in the center circle tonight at the Kingston armory against unpredictable Williamsport, champion of District 4.

The Williamsport Millionaires will be out to dump the highly-rated Sailors, only undefeated team in the Class A playoffs. If they play in the Shamokin last Saturday, 57-23, they stand a good chance of polling the upset of the season.

The Millionaires put a 15-7 record against the Sailors' unblemished mark. Three teams—Allentown, Altoona and Hazleton—each defeated Williamsport twice during the regular season.

Coach Eddie Chiamp's Sailors, a Class B outfit that won the six-team north league, are making a dramatic bid for the Class A title this year after thumping Plymouth, 50-39, to take the District 2 title.

The winner of tonight's game draws Allentown's potent Canaries on the same floor Saturday night in the game that could well establish the eastern finalist.

Westinghouse pulled the second mid upset of the playoffs last night when the Bulldogs defeated Bradford's Owls, 40-34, at DuBois. The Pittsburgh city champions will travel to Farrell Saturday night to meet Hickory, the other team to do the unexpected. Hickory won the District 10 title from strong Oil City, 54-50.

The two strong teams of the west come together Saturday afternoon in Pitt stadium when Altoona meets Homestead, the WPAL titleholder. The game will be played at 3 p. m., because of the annual PIAA dinner-meeting in Pittsburgh that night.

Altoona bounced Somerset (District 5) from the playoffs last night at Johnstown by a 50-35 count to qualify as opponent for Coach Chick Davies team. Homestead, like Allentown and Hickory, drew a first round bye.

Tomorrow night will find six District 6 district titlists competing in Divisional semi-finals. The card sends Chubbuck Haven (District 11) against Kutztown (District 3) at Reading; Ashley (District 2) against Clark Summit (District 12) at Kingston; and unbeaten Irwin (District 7) against Crescon (District 6) at Pitt stadium.

ROBINSON IN QUICK VICTORY

Philadelphia, March 23 (AP)—Ray (Sugar) Robinson's world's welterweight crown rested more securely than ever on the veteran boxer's head today after his short-order knockout of George (also Sugar) Costner.

Costner, who transferred his activities from Cincinnati to Camden, N. J., a year ago, had been pointing toward a title fight with Robinson until last night's over-the-weight bout at Convention Hall.

Robinson, who weighed 154 pounds—four more than Costner—caught the Camden contender with a hard right after 30 seconds of action.

The champion then switched to the body for a few blows, landed another right on Costner's jaw and finished him off with a left hook to the chin at 2:49 of the initial round of their scheduled 10-round go.

It marked Robinson's second first-round kayo of Costner. A previous meeting in Chicago also ended in the first round.

For the champion it was his 107th win in 110 professional fights, 74 of them by knockouts. Two of his other bouts ended in draws while his lone defeat was at the hands of Jake Lamotta, present middleweight titleholder.

Cleveland Barons Hit Victory Stride

(By The Associated Press)

The Cleveland Barons, who won the Western division title in the American Hockey league race by their sheer power, have started the post-season playoffs the same way.

The high-scoring Ohioans last night met the Buffalo Bisons, Eastern division winners, in the first of the Class A series to be decided on a best-of-seven basis, and routed their rivals, 7-1.

For a few minutes of the second period, it looked as if the game might be close. The teams were tied at 1-1. Then Cleveland drew off with an impressive display of speed and accurate passing.

Buffalo can now lick its wounds until Saturday night, when the second contest of the series will be played, again at Cleveland. Last night's opener attracted 7,118 fans.

Julian To Coach Dartmouth Cagers

Alvin F. "Doggie" Julian, former Muhlenberg college coach and well known to local sports fans, has accepted a position as basketball coach at Dartmouth college. He is reported to have signed for one year at a salary estimated between \$7,000 and \$8,000. He is also scheduled to help coach football.

Julian, a graduate of Bucknell university, coached at Muhlenberg for nine years going to Holy Cross where he coached prior to becoming coach of the Boston Celtics of the National Basketball Professional league.

HOLY CROSS AND CCNY FAVORED

New York, March 23 (AP)—City College of New York's fantastic Pizz Kids will open their bid for college basketball's big "double" tonight, haunted by the specter of going "stale" from overwork.

Nat Holman's energetic Beavers, who came from nowhere to win the National Invitation title last week, will meet Ohio State's Western conference champions in the first game of the Eastern NCAA playoffs at Madison Square Garden.

The second game of a sellout program will send Holy Cross' Crusaders against North Carolina State, champion of the Southern conference. The tossup is at 8:15 p. m. (EST).

CCNY has been installed a 3½ point favorite, although some are beginning to wonder how long the Beavers can stand the pace. Holy Cross is picked by 1½ points.

City's big, pepped-up sophomores swept through the NIT without hardly stopping for second wind, blowing out defending champion San Francisco, Kentucky, Duquesne and Bradley in order.

Holman said he isn't worried about his athletes getting "chesty" over their success. He is concerned that they may be getting tired.

They've had a lot of basketball for a bunch of unseasoned boys. Only one member of the starting lineup is a senior.

The same problem haunts Coach Forrest Anderson, whose Bradley Braves are favored to win the Western Division playoffs, opening at Kansas City tomorrow night.

Sports Roundup

By HUGH FULLERTON JR.

New York, March 23 (AP)—When Ohio State booked a tune-up game against DePaul before the NCAA basketball tournament, Coach Tippey Dye asked for a couple of Eastern officials. Jocko Collins and Lou Eisenstein tooted the whistles. . . . The idea, of course, was to get the Buckeyes used to the slightly different interpretations and "calls." It may pay off, even under the NCAA system of having one ref from each district and assigning them to teams from other areas. . . . For tonight's opening tussle against CCNY, Ohio dreg Ed Boyle (New England) and Arnold Heft of Washington, who was slightly criticized as a "fast whistle" man in the invitation tournament. . . . Incidentally, the NIT used 18 different officials for 12 games and Asa Bushnell, who picked them, insists: "Some of the best performances were turned in by comparative strangers."

SAME OLD PITCH
When Manager Red Rolfe of the Tigers walked out of the clubhouse at Lakeland, Fla., the other day, he was amazed to observe John Carmichael, the Chicago scribe, playing catch with another member of the fourth estate. . . . Red gasped: "Gosh, John, after all the baseball you've watched, your throwing form should be better than it is." . . . Carmichael made another leisurely, and awkward, peg and wisecracked: "Suppose it should, but don't forget that down through the years it's the Cubs I've been watching."

Seems strange to be reading rave notices from the Dodger Camp over a pitcher who was given the heaveho by the Athletics, but if Bill McCahan really has recovered from his sore arm, he could be tough. . . . Though Ned Irish Almost raves about Irwin Dambrot of City college, don't look for him in a Knickerbockers' uniform next season. . . . "He's going to enter dental school," Ned mourns, "We already have one medical student and that won't work." . . . Five Ivy league Lacrosse teams this spring are captained by Exeter graduates. . . . Roy Worters, who spent several days here revisiting his old hockey haunts, says he sees a lot of pro hockey these days, but he doesn't like it. . . . You never see a clean body check, but they knock your brain out along the boards," Roy maintains.

La Paz, Bolivia, March 23 (AP)—Yellow fever, the deadly disease spread by mosquitoes, has killed 230 persons in Bolivia in recent weeks. More than 1,000 residents in an isolated section of the country were stricken. Health officials said the disease had been checked with the aid of the Rockefeller foundation and the Pan-American Sanitary office.

Baseball Briefs

Dodgers' Aces Return

Vero Beach, Fla., March 23 (AP)—Big Don Newcombe, who has had a bad arm, and Jackie Robinson, sidelined by an ailing knee, were expected to see action with the Brooklyn Dodgers today in a game with the Philadelphia Athletics.

Robinson said he'd play second base "if the ground isn't too bad." There has been plenty of rain here lately. Newcombe, the team's mound ace, hoped to show some of his splendid 1949 form.

Nats Thump Raschi

St. Petersburg, Fla., March 23 (AP)—Vic Raschi, one of the New York Yankees' star hurlers, still has his troubles with the Washington Senators.

Raschi, a late signer with the Yanks this spring, had only a 2-2 record against the Senators last season. Yesterday he got into his first game of the exhibition campaign and promptly gave Washington six walks, four hits and hit a batter in his four-inning stint.

Braves "Visit" Dodgers

Bradenton, Fla., March 23 (AP)—Officials of the Boston Braves will fly to Vero Beach tomorrow in President Lou Perini's private plane to visit the Brooklyn Dodgers' assembly line styled training camp.

All denied the trip was for any purpose except to inspect the training setup. However, Dodger Mahatma Branch Rickey has made many sales, some to the Tribe which has been defeated in nine consecutive exhibition games.

Red Sox Face Phils

Sarasota, Fla., March 23 (AP)—Boston Red Sox Third Baseman Johnny Pesky has discarded a special corset he has been wearing to protect a pulled side muscle and hopes to resume spring conditioning within a few days. The Sox will play the Philadelphia Phillies at Clearwater today with Mel Parnell and Joe Dobson in line to pitch for the Sox who edged their hometown National league rivals, the Braves, 5-4, yesterday.

Cards Seek Cooper

Tampa, Fla., March 23 (AP)—The St. Louis Cardinals' try to get Catcher Walker Cooper of the Cincinnati Reds has failed—at least, that's what the Grapefruit league grapevine reports.

The hope during the winter was that the Reds wanted to unload the veteran catcher and that the Cards were interested.

Yesterday, Cardinals Owner Fred Saigh huddled with President Warren Giles of Cincinnati. The information was that Saigh offered Giles two youngsters and cash for Cooper but was turned down.

Cleveland Hit By Colds

San Diego, March 23 (AP)—Something about the weather of the golden west apparently isn't agreeing with the Cleveland Indians. Five Tribesmen have colds.

Pitcher Bob Feller, Outfielder Allie Clark and Coach Muddy Ruel were feeling so bad that they remained in Burbank last night when the team came here.

Feller and Clark were confined to their hotel rooms, but Ruel was on hand as the club trounced the St. Louis Browns 14-6 yesterday.

The other ailing Clevelanders are Manager Lou Boudreau and big Luke Easter.

Priddy Leads Tigers

Lakeland, Fla., March 23 (AP)—Gerry Priddy, the Detroit Tigers' \$100,000 buy from the St. Louis Browns, is hot in spring training.

Both at bat and at second base Priddy has been disposing in fine style of one of the Tigers' major 1950 problems. His current hitting streak has run to six blows in seven times at bat.

Waitkus "Clinches" Post

Clearwater, Fla., March 23 (AP)—Manager Eddie Sawyer just about erased any question as to who's on first for the Philadelphia Phillies this year.

Sawyer's decision to use Dick Sisler in the outfield against the Detroit Tigers yesterday with Eddie Waitkus covering the initial sack indicated Waitkus has won back his old job for keeps.

Eddie's work afield and three smashing hits, including a two-bagger and home run added authority to Sawyer's decision.

But some of the outfielders were a bit uneasy when they saw Sisler contribute a single, double and home run while playing errorless ball in left field.

A's Suffer Shutout

West Palm Beach, Fla., March 23 (AP)—Connie Mack still is the main attraction when his Philadelphia Athletics play anywhere.

The venerable leader of the A's got the keys to Miami last night and a wrist watch in a home-plate ceremony before an exhibition game with the Brooklyn Dodgers.

The A's didn't make as good an impression as they collected only five hits and suffered their first shut-out defeat of the spring training season, 4-0.

Pirates To Unload Pair

Stockton, Calif., March 23 (AP)—Officials of the Pittsburgh Pirates indicated today they may leave two unnamed players with the San Francisco Seals of the Pacific Coast league when they wind up their current exhibition swing.

The Bucs are scheduled to return to their San Bernardino training camp next Monday. On Friday, of-

Clearfield, Pa., March 23 (AP)—State police today said they believe they've solved the mystery of the flying saucer seen by a motorist near St. Marys last week.

At Pittsburgh, a U. S. weather bureau spokesman said Dr. Hunter's

Say 'Flying Saucer'
Was Weather Balloon

Clearfield, Pa., March 23 (AP)—State police today said they believe they've solved the mystery of the flying saucer seen by a motorist near St. Marys last week.

Cpl. John Rassaage of the Clearfield state police barracks said a weather balloon found tangled in a tree at nearby Surveyor may have been the flying saucer reported by Dr. Craig Hunter of Berkeley Springs, W. Va.

At Pittsburgh, a U. S. weather bureau spokesman said Dr. Hunter's

HOUSING BILL NOW POLITICAL ISSUE FOR TEST

By FRANCIS M. LE MAY

Washington, March 23 (AP)—Thrown out of Congress in a defeat for President Truman, the \$2,000,000,000 co-operative housing program bounced back today as a warm political issue.

Ignoring a personal plea from the President, the House rejected the co-op idea for middle income housing last night 218 to 155. It then went on to approve 361 to 10 a \$4,000,000,000-plus expansion of the existing program.

The Senate turned thumbs down on the co-op plan last week, 43 to 38. A House-Senate Conference committee now will work out a compromise housing bill — without the co-op program.

A Political Issue Now
But the President's lieutenants in Congress served notice that co-op housing forthwith is a political issue for the November congressional elections. And it may get high billing in Mr. Truman's rear platform speeches when he makes a swing to the west coast this spring.

Over jeers rising from the Republican side of the House, Democratic Leader McCormack of Massachusetts shouted:

"You may fool the public today, but not next November. This is going to be a live issue — an issue which I hope will be used advantageously next fall."

Accuses GOP
He accused Republicans of "voting one way and talking the other."

description of the flying saucer didn't exactly fit balloons put up by the weather bureau.

The balloons are not much more than seven feet in diameter. Dr. Hunter said the object he saw was 50 or 150 feet in diameter. The weather bureau spokesman added, however, it is difficult to determine the size of an object an undetermined height overhead.

The defeated co-op section proposed the creation of a \$2,000,000,000 government corporation. It would have borrowed its money from the public, except for \$100,000,000 contributed by the government.

Then it would have lent money at three per cent interest to co-ops and other non-profit organizations that undertook home building for families with incomes from \$2,800 to \$4,400. The mortgages could have run as long as 63 years.

Uniontown, Pa., March 23 (AP)—The retired coal miner who is suing the United Mine Workers Welfare fund trustees said today he will be out on the street next Monday after his household goods are sold by the sheriff.

He is George H. Livengood, 55, of near Uniontown. He said the sheriff had ordered his household possessions sold to satisfy a \$400 debt for back rent. He also will be evicted.

Today's Talk

By GEORGE MATTHEW ADAMS

UNSUSPECTED VISTAS
It's the unsuspected in life that gives us such a lift. I once drove up the famous Redwood highway, in California, and then across the Rocky Mountains, through the Great Divide, and on into Colorado. Every hour brought its unsuspected vistas.

I have before me as I write a letter from a reader, who is a worker in the Mesta Machine organization at Homestead, Pennsylvania. He says that he is a Roll Turner by trade. He has sent me some pictures to make it plain as to his work.
Said this worker: "It is work, just a job as most of them see it, but somehow I can see more than steel come from a finished roll. You see, I like my work. The rolls I have turned have gone to every corner in the world and there is no way of knowing in what completed thing they have had part. There is something in knowing that your are useful."

And he continues: "As the tool digs deep into the steel, the turnings will come off in many beautiful colors and intricate designs. Perhaps it will be something that you have never seen. I hope so."

As I read that letter I saw before me a man who was not a mere day laborer, but an artist, who continually saw unsuspected vistas before him as he worked at his task of Roll Turner. My mind recalled the familiar story of that brick layer who was asked what he was doing. His reply was that he was building a cathedral! Said that Mesta worker, John C. Reagan by name, "there is another part of me that does not work in steel!"

Well, it is "that other part" of us that is forever seeing the unsuspected vistas that appear before us continually, as we wind our way through life. Like the sculptor who stood before a great block of marble, and saw an angel within it.

Once we are beauty stricken, these unsuspected vistas are forever breaking in upon us. They come to us in our dreams, when traveling upon both land and sea, and in our imagination, when silently we think within our homes at night. Many an unsuspected vista may be seen with the mind's eye, in many a human heart.

Tomorrow Mr. Adams will talk on the subject: "What Do You Own?"

Miraculous it seems to me,

But stronger seems my faith to grow

U.S. MILITARY LAUNCHES BIG BUILDING JOB

Washington, March 23 (P)—The U.S. military forces are embarking upon a huge building program at bases outside the continental United States, especially in Alaska.

This can be seen from the fact that they propose to spend on these bases about \$239,409,000 of the \$665,000,000 they are asking Congress to authorize for military public works.

An analysis of the requests shows that the army, navy and air force are joining in the major objective. The idea is to safeguard the United States from a sudden "sneak punch," possibly with atomic weapons.

Announced Bases
The announced bases that will be strengthened range from Alaska to Okinawa, Hawaii, Kwajalein and Johnston Island in the Pacific to Bermuda in the Atlantic, up to Labrador, over to the Azores, Libya and Saudi Arabia.

In January the Senate approved a military public works bill of slightly less than \$500,000,000.

This is about what the armed services had requested last year. Congress delayed action after singling out for separate authorization \$115,000,000 for housing in Alaska and Okinawa.

Alaskan Air Fortress
Last week the three military branches appeared before the House Armed Services committee during its hearings on the Senate bill. The military brought in amendments totaling \$187,144,000, including new

East Berlin

East Berlin—The Rev. and Mrs. A. M. Leister and children, Mary-Edna, Philip and Ruth-Ellen, have been ill at their home recently but are now able to be about. The Rev. Mr. Leister is pastor of the Evangelical and Reformed church of this area.

Mrs. Frank Doner, Mechanicsburg, whose husband died several months ago, held sale at her home Saturday of household goods and will make her home with her daughter, Mrs. Walter Whitworth, R. 1.

Children attending Paradise parochial school had no classes from Thursday afternoon to Tuesday morning. Friday was given them as a holiday because of St. Patrick's Day, St. Patrick being the patron saint of the Harrisburg diocese of which this parish is a part; and Monday was a holiday, being the Feast of St. Joseph, the special feast day of the Sisters of St. Joseph who teach at the school.

Mr. and Mrs. Charles Gembe and children, Donna and Sonny, who have resided here for nearly two years, are planning to move shortly to the Dillsburg area where they formerly lived. Mr. Gembe has been manager of the East Berlin Meat Market and is to take a similar position at Dillsburg.

Miss Beulah E. Wentz, who has been a medical patient for several projects and stepping up amounts previously requested.

The House committee is expected to approve the amended Senate bill tomorrow. If passed by the House, it will go to conference with the Senate.
Alaska apparently is to be made into a bustling air defense fortress. To make it so a total of nearly \$117,861,000 is to be poured into that frontier nearest Russia.

Weeks at the Hanover hospital, is reported greatly improved. During her absence, her classes at the borough primary school have been taught by Mrs. Simon, Littlestown.

Mrs. Myrtle R. Hoover and daughter, Marilyn, have rented the property owned by the Misses Sarah and Beulah Leas, adjoining their home. The Hoovers formerly occupied the Paul Brodbeck property at the west end.

Words has been received here that Mrs. Grace Keesey Breuer, York, has been granted a divorce from Dr. Arthur N. Breuer, Hanover, who formerly practiced dentistry here.

The Rev. O. P. Jones, Kitzmiller, Md., was guest speaker Sunday morning at a temperance meeting at the Bermudian Church of the Brethren, near town.

The local Fish and Game Association conducted a regular meeting on Thursday evening.

The Rev. Alton M. Leister, pastor of the local Evangelical and Reformed church, will be guest speaker this evening at a Lenten service of the Abbottstown Lutheran church. Wilson A. Streightiff, Shippensburg State Teachers' college, was a recent visitor to his home here. He is a son of Mrs. Hester E. Streightiff.

The Rev. Fr. McGinley, assistant pastor of the McSherrystown Catholic church, will be in charge of this evening's Lenten service at Paradise Catholic church and will hear confessions after the service. A series of these services is being conducted with visiting priests throughout Lent.

SAYS FACTORY JOBS INCREASE

Philadelphia, March 23 (P)—The Federal Reserve bank of Philadelphia says factory employment, wage payments and working time in Pennsylvania showed a one per cent increase from January to February.

In a report issued yesterday, the bank said durable goods industries showed employment gains while non-durable industries displayed wage payment increases.

Part of the pay roll boosts could be attributed to the federal warehouse law amendment raising the minimum wage to 75 cents an hour, effective January 25.

The average hourly work week showed a fractional increase to slightly over 39 hours with a resulting small boost in weekly average earnings, the bank said.

Average hourly earnings for all manufacturing industries in the area covered by the bank remained at \$1.35, the same as in January. Hourly earnings in non-durable goods industries were one per cent higher in February over the previous month.

In progress for several months at the Bermudian Reformed church building, near town, is nearing completion and is expected to be finished within a few weeks. The week beginning with Sunday, April 16, has been set aside for re-dedication services. During the renovation period, the congregation of this church has been worshipping with the congregations of neighboring churches.

Abbottstown

Abbottstown—Mrs. Aron Kinneman entertained at a roast duck dinner last Sunday in celebration of her husband's birthday.

Mrs. Ida Wolf and Mrs. Alice Cleaver are confined to their homes by illness. Mrs. Charles Albert has been discharged from the Hanover hospital and has returned to her home where she is improving slowly.

Mr. and Mrs. Robert Little and son, Lee, moved from the Wildasin property Saturday to the home they recently purchased near New Oxford.

Mrs. Irene Kinneman Dicks, Washington, formerly of Abbottstown, has accepted a position as office nurse for Dr. Menges and will reside at the home of Mrs. Grace Nagle.

To Select European Children For Tour

Paris, March 23 (P)—Six American high school students, including Pattie Witherow of Brookville, Pa., have arrived in France to choose group of European school children their own age for a trip to the U.S.

The American visitors all at World War Two orphans chose through the Ladies Auxiliary of the Veterans of Foreign Wars.

Pattie Witherow will go to Greece to make her selection.

The European children will go to the U.S. in May with their American companions, make a tour of the 48 states and return home in the fall.

SENATE ARGUES CHANGES IN FPC GAS AUTHORITY

By JAMES MARLOW

Washington, March 23 (AP)—The Senate is debating a change in the natural gas act to cut down some authority of the Federal Power Commission.

This commission, made up of five men, has several duties. For instance, it can control the rates charged by electric power companies, but the power they sell comes from the Federal Power Commission.

And under a law passed in 1938, the Senate has the right to change the rates that the commission can set. The rates that the commission can set are called "rate of return" rates.

There are three groups of companies that are involved in the gas business. They are the producers, the pipeline companies, and the local gas companies.

The producers are the ones who find the gas. They are the pipeline companies who carry the gas from the producers to the local gas companies. The local gas companies are the ones who sell the gas to the people.

The pipeline companies are the ones who are most interested in the new law. They want to be able to set their own rates. They don't want the Federal Power Commission to control their rates.

and sell it to the consumers.

FPC Has Control

There's no argument about the right of the FPC under the law to control the rates charged by the pipeline companies. The FPC has no control over the rates of the local gas companies. That's up to the states. So there's no argument about that, either.

The argument is over whether the law means the FPC has the right to control the rates which the independent producers can charge when they sell the gas to the pipeline companies.

The language of the law is worded in such a way that for a long time it has been interpreted to mean that the FPC has no right to regulate the rates of the independent producers.

Then in 1947 the Supreme court handed down a decision which changed some people's views on the FPC's power. Eventually, a majority of the FPC swung over to the belief that the law gave it the right to regulate the rates.

Fears Higher Prices

A Senate committee held hearings on this last year and finally recommended that Congress amend the Natural Gas Act of 1938 to say—so clearly that there'd be no more argument—that the FPC does not have the right to regulate producers' rates.

Two Oklahoma Senators—Robert S. Kerr, a millionaire oilman, and Senator Thomas—are pushing a bill to keep the FPC's hands off the independent producers.

Senator Douglas, Illinois Democrat, argues that this bill, if it becomes law, would let the producers charge whatever rates they want to charge.

Emmitsburg

Emmitsburg—Mrs. Hazel Caldwell, West Main street, entertained the members of the Emmitsburg Sewing club on Monday evening.

Mrs. Richard M. Zacharias, Miss Grace Rowe, Mrs. Edgar Rhodes and Mrs. George Eyster spent Wednesday in Frederick, Md.

The Boy Scouts of Emmitsburg Troop No. 284 are planning a hike for Saturday, March 25, and expect to leave the firemen's hall at 10:30 a.m.

On Tuesday evening, April 11, the L-O-Y-A-L group of the Elias Luthan church will stage a bowling game at the Emmitsburg Recreation Center after their regular meeting that night.

Thirteen members of the Boy Scout Troop No. 284, attended the National Capitol Area Council Scouting exposition recently along with Clarence Hahn and their Scoutmaster, Henry Charlton. They left in the morning and came back at 6:30 p.m. On the way to the Naval Reserve Armory the Scouts stopped at the National Art Gallery and many of the government office buildings including the capitol.

Sunday evening dinner guests at the home of Mr. and Mrs. Raymond Weant, Emmitsburg R. D., were Mr. and Mrs. Upton Dayhoff of Keyville, Md.; Mr. and Mrs. Donald Diller and daughter, Mary Rebecca, of Taneytown; Mr. and Mrs. Glen Dayhoff and children, Ronny, Barry and Silvia Ann, of Taneytown. The birthday of Mrs. Weant's sister-in-law, Mrs. Glen Dayhoff, was celebrated at the dinner.

The Emmitsburg Boy Scouts will hold a campfire meeting at 7:30 in place of the usual indoor meeting, if weather permits. If it does rain the meeting will be held in the den. The four patrol leaders, Allen Stoner, Charles Baker, Ronald Kelly and Joe VanBrackle, will be in charge of the outing.

It was announced today that the Scouts are still collecting papers and it would be appreciated if the citizens would give their unwanted papers to the boys.

Washington, March 23 (AP)—Thirteen Pennsylvania Republicans favored while 13 Democrats opposed an amendment to the administration's housing bill which knocked out the cooperative provision. The amendment was adopted 218 to 155. No Democrat voted for the amendment and only O'Neill of Dunmore was unrecorded.

RIOTING FLARES IN SAN SEVERO

San Severo, Italy, March 22 (AP)—Rioting flared in this southeastern Italian city today and at least 18 persons—15 police and three civilians—were injured before police restored order. One report said hand grenades were tossed into police ranks.

The new violence was an aftermath to the nationwide general strike called yesterday by the Communist-led Italian Confederation of Labor (CGIL). One death and scores of injuries were chalked up in demonstrations accompanying the strike.

Police headquarters in San Severo, a town of 38,000, withheld details of the clash. One version of the violence was that police clashed with workers who were protesting the deaths of two laborers Tuesday in Chieti Province. These deaths prompted the CGIL strike call.

A CGIL spokesman said the casualties occurred when Neofascists celebrating the 31st anniversary of the founding of the Fascist party got into a fight with the workers and police sought to break it up.

Ansa, the Italian News agency, said the police were wounded when they tried to disperse demonstrators who blocked off the city with carts.

The situation in Foggia, a city of 64,000 about 200 miles southeast of Rome, was tense. Demonstrators gathered in front of the Chamber of Labor headquarters. Police, reinforced by units of the 14th Artillery regiment, were on guard against any outbreak of violence.

SAYS AMERICA DOESN'T NEED HYDROGEN BOMB

Philadelphia, March 23 (AP)—A leading American scientist who worked on the atomic bomb says America does not need the hydrogen bomb and that American possession of atomic weapons might help Soviet Russia capture Europe and Asia peacefully.

Dr. Jerrold R. Zacharias, director of laboratory for the nuclear science at the Massachusetts Institute of Technology and a veteran of the Los Alamos, N. M., atom bomb plant, spoke before the closing session last night of the fourth annual Philadelphia Bulletin forum.

Richard W. Sloum, general manager of the Bulletin, said, "a telegram—the hand of censorship" had prevented the physicist from making a speech he originally planned on the hydrogen bomb.

Plans "Out Of Balance"
Zacharias spoke instead on National Defense, assailing defense plans as "out of balance," to the point of being just plain impractical. He called for more emphasis on conventional defenses by regular land, sea and air forces, and less spending for atomic weapons. The nation, he said, is being "dazzled by misleading economics."

"Ironically enough," Dr. Zacharias declared, "the more terrible the strategic weapons, the less likely is open war to start. The Russians are daring in piecemeal movement and we will be reluctant to try to halt their progress by initiating all-out warfare. . . . This could continue until the whole of Europe and Asia are Soviet satellites. The hydrogen bomb only aggravates this situation."

U. S. More Vulnerable
He said the United States is more vulnerable than Russia to atom weapon attack.

"I just hope and pray that the Russians never succeed in making a hydrogen bomb work," Zacharias concluded, "and as for us, we don't need the hydrogen bomb and we do need a lot of other things more."

The forum was closed by Vice President Alben W. Barkley, who expressed faith in the peacefulness of the Soviet common man while attacking communism as a "godless and ruthless ideology." A trip to Russia in 1930, the Vice President said, convinced him ordinary people in Russia do not want war or domination.

PROBE POISON DEATH OF GIRL

New York, March 23 (AP)—Police today are investigating the death of a 17-year-old Pennsylvania girl whose body was found in a New York hotel room, clad in a pink nightgown and with her hands folded over her breast.

The girl was identified as Alice Sharp, daughter of Mr. and Mrs. Terry Sharp of R. 2, Portage, Pa. She had registered at the hotel as Gloria Kelly of 337 Pitt avenue, Shadyside, Pa.

Police said the girl apparently mixed rat poison with butter, spread it on some crumb cake which she ate before lying down to die. A bottle of rat poison was on a table beside her bed.

The girl left three notes, police said, one of which was addressed to a friend, "Carol," and which read in part:

"I leave you all of my clothes and all my possessions. Please never do what I have done. Will you see that Reno gets his ring and his pictures. Tell him I said so long, Alice."

Another note was addressed to the girl's mother. It was sealed and its contents were not revealed.

Says Interest In Council Is Growing

Buck Hill Falls, Pa., March 23 (AP)—American churches have become increasingly interested in the World Council of Churches despite attacks by opposing forces, the council's annual conference was told yesterday.

A report delivered for Dr. Henry Smith Leiper declared the attacks on the World Council are being made by "misinformed economic conservatives" and "Communist sympathizers."

Dr. Leiper, who is associate general secretary of the council and general secretary of the conference, was not present for the conference.

His report noted a growing interest in the council's work by students, writers and teachers. Churches throughout the country, the report added, have played an active role in making the council's program "come alive in the local scene."

Harrisburg, March 23 (AP)—A plea for reduced truck weight limits on township roads was made Tuesday to the State Highway Planning commission. The plea was made by the Pennsylvania State Association of Township Supervisors.

H. A. Thomson, association secretary, told the commission in a statement that truck weight limits on township roads should be substantially less than the present 45,000 pounds now allowed on state high-

Long-Hidden Grottoes Give Facts On St. Peter's Burial

New York, March 23 (AP)—Ten years of digging in long-hidden grottoes below St. Peter's church has yielded archaeological evidence supporting the Roman Catholic belief that St. Peter was buried on that site, Life magazine reports today.

In connection with the publication of first pictures of the excavations, the magazine prints an article by Msgr. Ludwig Kaas, administrator of St. Peter's, telling how Vatican workmen plumbed the unexplored lower passages beneath the nave of the world's largest church.

They penetrated into a pagan cemetery buried for 16 centuries, Msgr. Kaas does not say the explorations launched in 1939 resulted in finding relics of the chief Apostle, but he asserts a scientific commission is analyzing discoveries which give archaeological support to Catholic tenets.

Findings Undisclosed
Pope Pius XII said more than a year ago, without going into detail, that archaeological discoveries demonstrated the Apostle's burial place "is and was under the cupola of St. Peter's church." The pope may announce details of the findings in the course of this Catholic holy year.

Msgr. Kaas says in Life: "For the time being the discoveries which were made in the central area below the main altar of St. Peter's must remain undisclosed, x x x. The last word belongs to science and cannot be anticipated."

"At the present time a commission of reputable archaeologists is preparing the publication of its scientific conclusions on the discoveries to which some newspapers have already made incorrect reference. In the meantime one may observe that the excavations have confirmed convincingly the Roman tradition which closely connected Nero's circus and the Vatican burial ground—or, in other words, the place where St. Peter was executed and the place where he was buried. Non-believers may not view this affirmation in the same light as devout Catholics, yet it is obvious that the archaeological evidence so far revealed gives the faithful a right to challenge non-believers for proof to the contrary of archaeology's affirmation."

Proof Uncovered
"Those who believe in the Catholic tradition of St. Peter's burial place below the church will, in the light of these new discoveries, face any such discussion confidently x x x."

Last September Archbishop Joseph F. Rummel of New Orleans said the remains of St. Peter had been found under the basilica. There was no Vatican comment upon this, but earlier L'Osservatore Romano, Vatican newspaper, declared discoveries added archaeological proof to facts already "historically ascertained."

It added: "These proofs include ancient coins—the offerings of the faithful at the venerated tomb—stones, graphites, monuments and inscriptions of all kinds."

HONOR SOCIETY ADDS 17 SENIORS

Formal induction of 17 seniors who were recently selected for membership in the National Honor society was held during the assembly, March 15, according to the current issue of The Maroon and White, high school newspaper.

The seniors inducted were Barbara Bream, Madeline Chrismer, Ross Crouse, Wanda Currens, John De Haas, Carol Dolly, Jeanie Haehnlein, Eileen Kane, Jackie Long, and Ted McKenrick. Others include Joyce Martin, Robert Moser, Robert Sachs, Betty Seibert, Anna Shryock, Nina Williams, and Jean Wolfe.

The National Honor society pledge was led by Jeanie Waltemyer of the class of 49 and now a freshman at Gettysburg college. The address was delivered by Eugene R. Hartman, a local attorney and alumnus of the class of 1939, who spoke on the topic, "The Older Generation Versus Youth." Both Miss Waltemyer and Attorney Hartman are members of the local chapter of the National Honor society.

The devotions were led by Harold Raffensperger, president of the junior class, and the music was provided by the girls' trio consisting of Carol Dolly, Barbara Bream and Nina Williams singing "Beautiful Savior," and old Crusaders' hymn, "Nobody Coming to Marry Me," an Old English air, and "The Top O' the Morning," by Mans Nurca and accompanied by Suzanne Schmitt. Also the boys' sextet sang "A Moonlit Night," by Gunnar Wenerberg, and "I'll Take You Home Again, Kathleen," by Marlin Kessel, Sidney Shade, John De Haas, Alfred LeVan, Ralph Sittler and John Raffensperger were the members of the sextet.

The speaker was introduced by Miss Waltemyer and after the address the meeting was turned over to the newly-elected president, Ted McKenrick, who asked that the roll be called by the new secretary, Joyce Martin. Then the group was led in the pledge by Miss Waltemyer with G. W. Lefever, principal, awarding the certificates of membership. Mr. Lefever congratulated the members.

Russia did not adopt the Gregorian calendar under which most of the world now operates until 1918.

Miss Anna Shanesbrook, of Baltimore, spent Sunday with her parents, Mr. and Mrs. Clarence Shanesbrook.

PARISH COUNCIL

(Continued from Page 1)
Catholicism in any form is the result of "small minds in big places," "America is on the same road as Britain," he said. "The only way to stop it is by an informed electorate." To prove that medicine has advanced under the free enterprise system, Dr. Gifford pointed out The Mayo clinic as an example, and told his audience that the Sisters of Mercy run the hospital side of this clinic, though the Mayo brothers were not of the faith. He also said that every large town in America, has a Catholic hospital.

More Medical Care Here
"There are more doctors and hospital beds per population in America than in any other country of the world under the present system, so there is no need for socialization of medicine," he said; "there has been increased life expectancy; an increase in the number of doctors and in the number of schools of medicine. Under the present American way of life, there is a doctor for every 750 people, whereas under the present socialized program in Britain, one doctor attempts to care for as many as 4,000 patients."

The speaker was introduced by Mrs. Paul E. Altoff, chairman of the program committee for the evening. Other members of the committee were Miss Anna C. Weaver, Miss Evelyn C. Altoff and Mrs. Katherine Cochran. The program included two vocal selections, "Will You Remember" from "Mast me" and "Love Is Where You Find It," by Miss Marianna Catalano, with George P. Smith as piano accompanist. Mr. Smith also entertained with piano selections, which included a medley of Irish tunes.

The meeting, in charge of the president, Mrs. George P. Smith, opened with prayer to Our Lady of Good Counsel by Mrs. Z. W. Sanders. The business session was omitted and a board meeting was held following the program. The program closed with the reading of the official Holy Year prayer by Mrs. Altoff. The next meeting of the council will be held on Wednesday, April 26.

Party For Coach
The girls' varsity basketball team of the Littlestown Junior-Senior high school held a surprise turkey banquet in honor of their coach, Miss Ruth Liles, last evening at Banker's restaurant, near Gettysburg. The program opened with the singing of the Alma Mater; the invocation was offered by Harriet Badders. Following the banquet, there were brief remarks by the captain of the team, Eloise Yealy, and by Miss Liles. Returning to Littlestown, the group enjoyed a bowling session at Base-bear's and completed the evening with light refreshments at Sonny's Lunch. Those present were Jean Wolfe, Evelyn Harget, Loyse Waltman, Eleanor Banker, Hazel Rime, Eloise Yealy, Alma Reaver, Barbara Jefferies, Gloria Knight, Harriet Badders, of the team, Jane Miller, manager, Shirley Renner, assistant manager, and Miss Ruth Liles, coach and guest of honor.

Littlestown BURGESS GIVES FINAL WARNING FOR SPEEDERS

A final warning about fast driving in Littlestown has been issued by Burgess Herbert J. Motter. The Burgess says that there has been excessive speeding on Maple avenue between East King and Newark streets. Motter reminds motorists that the speed limit is 25 miles per hour and in the school zone 15 miles per hour. These regulations should be obeyed for the sake of the school children, he said. If this warning isn't obeyed, the Burgess said arrests will follow. Motter said: "The police department has been checking traffic and license numbers of quite a few offenders. Arrests will follow on the next offense."

'OSCAR' MAKES HIS APPEARANCE AGAIN TONIGHT

Hollywood, March 23 (AP)—Oscar, still a little pale from last year's near demise, will make his 22nd appearance on schedule tonight.

Searchlights, stars, red carpets and all the conventional trappings of the annual motion picture academy awards have been assembled, yet the level of enthusiasm along "Canary Row" is definitely substandard.

For a time, while major studios withheld monetary support, it appeared that the yearly bestowal of honors might pass into history. But the producers finally came through with a financial shot in the arm for Oscar.

The Nominees
Up for best picture of 1949 are "All the King's Men" (Columbia), "Battlefront" (MGM), "The Heiress" (Paramount), "A Letter to Three Wives" (20th-Fox) and "Twelve O'clock High" (20th-Fox). Best actress nominees are: Jeanne Crain ("Pinky"), Olivia de Havilland ("The Heiress"), Susan Hayward ("My Foolish Heart"), Deborah Kerr ("Edward, My Son") and Loretta Young ("Come to the Stable").

Nominated for best actor are Broderick Crawford ("All the King's Men"), Kirk Douglas ("Champion"), Gregory Peck ("Twelve O'clock High"), Richard Todd ("The Hasty Heart") and John Wayne ("The Sands of Iwo Jima").

A Little Disturbed
Best supporting actress nominees are Ethel Barrymore ("Pinky"), Celeste Holm ("Come to the Stable"), Mercedes McCambridge ("All the King's Men"), Ethel Waters ("Pinky") and Elsa Lanchester ("Come to the Stable").

Nominees for best supporting actor are John Ireland ("All the King's Men"), Dean Jagger ("Twelve O'clock High"), Arthur Kennedy ("Champion"), Ralph Richardson ("The Heiress") and James Whitmore ("Battlefront").

Academy officials are somewhat disturbed by the likelihood that 20 per cent of the nominees will be absent, on location or abroad, when the ceremonies start at 11 p. m.

CENSUS TAKERS TO CARRY CARDS

Housewives of Gettysburg will be called to their front doors during the first two weeks of April by the knock of the census takers from the United States Bureau of the Census. The census taker will present his credentials, in the form of an identification card introducing him as an enumerator for the 17th decennial census. He will carry an official census of population form on which he will write names and note information about each individual in the

household. He will have nothing to sell and he will ask only the questions which appear on the census form.

If the visitor claims to be a census taker but cannot produce his credentials he is an impostor and will be subject to penal action for impersonating a federal officer. If he undertakes to conduct any business other than the collection of official census information, he betrays himself because official census takers are subject to loss of their jobs if they combine their census work with soliciting money, selling house-to-house, distributing advertising material, or other similar activities which bring canvassers, peddlers and the like from door-to-door.

Housewives who have reason to believe that they are being imposed upon by a faker are urged by John

Littlestown

Littlestown—A ten-day notice was sent on Monday by Justice of the Peace F. Loy Lindaman, Littlestown, to Albert Speelman, 305 South Queen street, Littlestown, on the charge of driving too fast for conditions and going through the blinker at

D. Lippy, Jr., local crew leader, to notify the police and give the authorities a description of the individual. Police authorities here have been shown the type of credentials required of census takers and have assured the Census Bureau of assistance in apprehending impostors.

Similar warnings apply to other parts of the county. Crew leaders besides Mr. Lippy are Rev. Charles E. Held and Charles F. Rinehart.

square without stopping. A ten-day notice was also sent to R. C. Weaver, 209 North Queen street, Littlestown, by Justice Lindaman for driving too fast for conditions on Prince street extended on Sunday. Charges against both men were laid by Chief of Police Leon H. Gage.

The regular meeting of Littlestown Girl Scout Troop No. 13 was held Monday evening in the fire hall with assistant leader, Miss Jeanne Reck, in charge. A business session was conducted by the vice president, Patricia Long, with nine scouts present. Miss Reck announced that the troop will start work on the Dramatics badge next week. The meeting closed with the Girl Scout handshake. The next meeting of the troop will be held Monday, March 27, at 7:30 p. m. in the fire hall.

Funeral services were held on

Tuesday at 2 p. m. at the J. W. Little and son funeral home, Littlestown, for Mrs. Annie E. Sheely, 62, wife of W. David Sheely, North Queen street, Littlestown, who died Sunday morning at 5 o'clock at the Warner hospital. Services were in charge of her pastor, the Rev. David S. Kammerer, pastor of St. Paul's Lutheran church, Littlestown, assisted by Mr. Sheely's nephew, the Rev. Charles B. Rebert, Littlestown, a retired Reformed minister. Interment was in the Mt. Carmel cemetery, Littlestown. Pallbearers were S. Clair Trostle, W. G. Weikert, A. K. Stock and E. K. Parr.

A candlelight service will be presented by pre-ministerial students of Gettysburg college, Sunday, March 26, at 7 p. m. in the Piney Creek Church of the Brethren, near

Taneytown. The public is invited. The regular rehearsal of the Littlestown Men's chorus will be held tonight at 9 o'clock in St. Paul's Lutheran church. The women's group will attend this rehearsal, which will be the last before the sacred concert to be presented Sunday at 7:30 p. m. in St. Paul's church, as the closing vesper service of the present series, sponsored by the Littlestown Ministerium.

Washington, March 23 (AP)—The Commodity Credit Corporation today sold 31,618,000 pounds of surplus dried eggs costing about \$40,000,000 to the United Kingdom for \$7,000,000. The sale disposed of about 37 per cent of the corporation's stocks of dried eggs bought under a farm price support program during 1948, 1949 and this year.

SUPREME COURT WILL RULE ON LOYALTY PLAN

By JAMES MARLOW
Washington, March 23 (AP)—Now it's up to the Supreme court to decide: Is the president's loyalty program constitutional in the way it's being carried out?

The program's purpose is to fire government employees found to be disloyal or whose loyalty is considered questionable. Take the case of Miss Dorothy Bailey.

She worked in the U. S. Employment Service. Her work was satisfactory. And her job did not involve national security. It was a so-called "non-sensitive" job.

As part of the loyalty program, the FBI investigated her and turned its information over to the Loyalty

Board set up to carry out the program.

The board notified Miss Bailey it had been informed she at one time was a Communist party member. She denied this and protested she was entirely loyal to the United States.

She was allowed to appear at a hearing before the board, to bring her lawyers, and to produce witnesses who testified for her.

But—she was not allowed to know where the board got its information. Nor was she allowed to see or know her accusers. Therefore, she was denied the chance to question them.

Found "Reasonable Grounds"

She was fired because, the board said, there were "reasonable grounds for belief that Miss Bailey is disloyal to the U. S." She appealed to the U. S. District court here. She lost.

Then she appealed to the next highest court, the U. S. Court of Appeals here. She lost in that court yesterday. She has one more appeal left—to the Supreme court, which will be asked to give the final word on whether the loyalty program procedure is right.

The opinion of the three-judge

Penn State Building Program Discussed

Harrisburg, March 23 (AP)—The General State Authority is considering an estimated \$8,000,000 building program at the Pennsylvania State college.

An authority spokesman said to-

appeals court was not unanimous. Two of the judges — E. Barrett Prettyman and James Proctor—upheld the loyalty procedure. The third judge, Henry W. Edgerton, disagreed.

The majority opinion, in brief, said no one can claim working for the government as a right. There's nothing in the constitution guaranteeing anyone a government job. Therefore—

Since a person has no right to a government job, the president can fire him from a government job without any explanation at all, if that's the way the president wants it.

But suppose the individual — in this case, Miss Bailey—is injured in this kind of situation, particularly at this time when being tagged with "Communism" may mean real hardship for the accused.

As to that, the court said, with world conditions as jittery as they are and Communists trying to infiltrate the government, an individual may be hurt but the government—meaning the public interest—comes first.

But Judge Edgerton said while a person may have no right to a government job, in this country a person, before he's punished, does have a right to a fair trial. He didn't think Miss Bailey had one.

day college officials asked for projects totaling some \$15,000,000, but this figure has been cut approximately in half.

Meanwhile, further action is awaiting a decision by Penn State officials as to just what buildings they want constructed within the \$8,000,000 limit.

The General Authority was set up by the 1949 legislature to undertake up to \$175,000,000 worth of new buildings by means of bond issues. The projects will be paid for by the Commonwealth in the form of long-term rentals.

A member of the authority board, who declined identity by name, said the college's request for some \$15,000,000 in new construction had to be scaled down because of other priority financial construction needs at other state institutions.

Canvass For Funds To Defend Slayer

Allentown, Pa., March 23 (AP)—The people of suburban Coplay, a town of 2,200, made plans for a house-to-house canvass to raise a defense fund for Harold Mohr, accused mercy slayer.

Mohr, 36-year-old ex-tannery worker, is held without bail on a murder charge in the March 5 shotgun slaying of his brother, Walter, 55, who was blind and a victim of cancer.

About 150 residents of Coplay gathered at the municipal building recently to plan the money raising campaign. Thirty collectors were named to conduct a house-to-house canvass.

A gift of \$500 started the ball rolling. It was donated by local 48, International Fur Workers union. Business agent George Merlo said every member of the local will be asked to contribute.

August Habel, Jr., Coplay coal dealer who was named treasurer of the defense fund, said, "We don't know how much it will take but we are going to raise all possible."

Mrs. Alice Roth, 35, of East Pittsburgh, asked the Pennsylvania supreme court to overrule Judge Michael M. Musmanno, of the common pleas court. He is a candidate for the Democratic nomination for lieutenant governor.

Judge Musmanno said he dismissed her because she had refused to affirm or deny a statement of Matthew Cvetic, who told the House Un-American Activities committee

Mrs. Roth is a Communist.

Mrs. Roth contends her constitutional rights have been violated and that her political affiliations are not relevant to her qualifications to serve on the grand jury.

BRITISH CRIME BRINGS DEBATE ON "FLOGGING"

By DEWITT MACKENZIE
(AP Foreign Affairs Analyst)

Britain's epidemic of crimes of violence, similar in many respects to the post-war problems in numerous other countries, has produced a heated public argument on how tough the law should get in dealing with the outrages, which are largely the work of youthful gangsters.

The debate has been revolving about whether flogging with the cat-o'-nine-tails—abolished two years ago under the Socialist regime—shall be revived. Juries are demanding that it be restored.

Lord Chief Justice Goddard himself recently declared he believed violence was due to the fact that men know they can no longer be whipped for it.

A Flat Refusal

However, the conscience of the Socialist government yesterday brought out a flat refusal for a revival of flogging. Instead of the lash, more policemen are to be provided. In this connection it's interesting to note that a couple of years ago hanging for murder was suspended under the Socialists, only to be revised six months later.

You have to know your England to appreciate just what the present crime wave means. During my long residence in Britain I made a study of crime and even wrote a book on the London underworld with a notorious reformed burglar, who was characterized to me by Scotland Yard as the cleverest burglar the country ever had known.

An Amazing Aspect

One of the amazing aspects of police administration was that "bobbies," as the constables are called, never carried guns excepting by special assignment in connection with a desperate mission. The police weapon is a truncheon which, more than incidentally, the bobby can throw with the accuracy of an Australian aborigine handling a boomerang.

Because the police didn't carry

"Mrs. America" Is Asking For Divorce

San Diego, Calif., March 22 (AP)—Mrs. America of 1949 wants a divorce.

The beautiful blonde Mrs. Frances L. Cloyd, 24, charged her husband, Arthur, 26, with cruelty—"physical as well as mental"—in a suit filed on Monday. Arthur is an auto mechanic.

Mrs. Cloyd is the mother of three children—Tommy, 3; Terry, 2, and Patricia, who was just seven weeks old when her mother was named Mrs. America at Asbury Park, N. J., in September.

The Cloyds were married in 1943. Copper, coal and silver are leading products of Utah mines.

FALSE TEETH
That Loosen
Need Not Embarrass

Many wearers of false teeth have suffered real embarrassment because their plate dropped, slipped or wobbled at just the wrong time. Do not live in fear of this happening to you. Just sprinkle a little FASTEETH, the alkaline (non-acid) powder, on your plates. Holds false teeth more firmly so they feel more comfortable. Does not sour. Checks "plate odor" (denture breath). Get FASTEETH at any drug store.

Your family will get lots of good food energy from sweet potatoes. In addition they are a rich source of vitamin A, furnish worthwhile amounts of vitamin C, and also provide small quantities of the B vitamins and essential minerals.

Personal
To Women With
Nagging Backache

As we get older, stress and strain, over-exertion, excessive smoking or exposure to cold sometimes slows down kidney function. This may lead many folks to complain of nagging backache, loss of pep and energy, headaches and dizziness. Getting up nights or frequent passages may result from minor bladder irritations due to cold, impurities or dietary indiscretions.

'ONE-PACKAGE' APPROPRIATION BILL GETS TEST

Washington, March 23 (AP)—For the first time in its history Congress this year will take a crack at voting a one-package appropriations bill. This is an attempt to avoid the kind of mess Congress has made in the past. You have a stake in the outcome and for this reason.

It's your tax-money that's being voted.

Every year in January the president sends Congress his budget message. This is his estimate, made with the help of experts, on how much it will take to run the government the next fiscal year.

All Listed In Detail
(The fiscal year starts July 1 and ends the following June 30. So the budget President Truman sent Congress last January is for the 1951 fiscal year starting next July.)

All the expenses of the various government departments and agencies are listed in detail in the budget.

In the past Congress examined these expense items, always announced it would certainly cut them down, and then voted the money it thought was necessary.

But, in doing so, it tackled the agencies one at a time. This meant that Congress, instead of voting on one bill covering all or most of the agencies, voted on many separate bills.

Sought Order In Chaos

This hodge-podge arrangement often had an unhappy result because, in voting in single bills over a period of months, Congress could get lost in the total amount of money it was voting.

And therefore it might not know until the last bill was out of the way, maybe just before Congress quit for the year, just how much money altogether it had voted.

This could be embarrassing, particularly if Congress has proclaimed

it was going to cut the President's estimates to shreds and then discovers it had voted more than he had asked.

To get a little order out of this kind of chaos, Congress decided this year it would try to wrap all the money needs of most of the agencies in one bill and then vote on that.

Hold Your Hats

But now suppose, in the one-package bill, Congress ties on some strings which Mr. Truman doesn't like. He'll have to approve the whole bill, or veto the whole bill, sending it back to Congress.

Then if Congress delays too long in straightening out the difficulty—say beyond July 1—most of the government agencies will be without money unless Congress votes them some temporarily.

But that isn't all. The one-package bill was dumped in the lap of the House yesterday. It's a cinch that a lot of Congressmen—during the debate and vote on the floor—will try to whittle down the amount of money listed in the single bill.

So the one-package bill is still a long way from being a proven success. Hold your hats. You'll be hearing plenty about it.

DUFF VICTORY IS NEEDED BY GOP

Meadville, Pa., March 23 (AP)—John S. Fine says "The Republican party is sunk" unless he and Governor James H. Duff are nominated at the May primaries. Fine seeks the jobs now held by Duff. The governor is asking the Republican party to nominate him for U. S. senator.

"If the Duff ticket is beaten at the May primaries, the Democrats will carry Pennsylvania and the Republican party is sunk," Fine said in a speech last night before a group of 300 Republicans.

His speech climaxed a campaign swing which carried him into Titusville and Warren before he came to this Crawford county seat.

A schedule tour of Venango county today was postponed. Fine is in Scranton to attend the funeral of former State Supreme Court Justice George W. Maxey. He is a former Superior Court judge.

In his Meadville talk, Fine attacked the Republican group which includes former U. S. Senator Joseph Grundy. People who subscribe to Grundy's political philosophy, Fine added, are "men who live in the

Wife Convicted In Fatal Stabbing

Clearfield, Pa., March 23 (AP)—Found guilty of voluntary manslaughter in the death of her brick-layer husband, Mrs. Anna Pluebell, 49, today faces a prison term of not more than 12 years or a fine of \$6,000.

A six-man, six-woman jury took less than two hours yesterday to find her guilty. Sentencing was delayed pending a motion for a new trial. Earle Pluebell, 54, died of butcher knife wounds suffered in his kitchen last Dec. 10. His wife said she struck with the knife in self-defense after her husband reprimanded their son, Ronald, four.

Mrs. Pluebell was calm as the verdict was read. After Judge F. Cortez Bell set Monday, March 27, for sentencing and adjourned court.

Mrs. Pluebell wept and had to be led from the courtroom.

SEN. M'CARTHY SAYS TRUMAN ENDANGERS U.S.

By MARVIN L. ARROWSMITH

Washington, March 23 (AP)—Senator McCarthy (R-Wis.) today accused President Truman of endangering the nation's security by what he called the President's "arrogant refusal" to release government loyalty files to Senate investigators.

Actually Mr. Truman has not thus far refused to turn the files over to the Senate Foreign Relations subcommittee which is looking into McCarthy's charges that Communists and fellow travelers have infiltrated the State Department.

High White House sources have said the President is considering approval of limited access to the loyalty records of persons whom McCarthy has accused.

"A Lowly Attack"
A key Democratic senator termed McCarthy's criticism of Mr. Truman "such a lowly attack that I can't think of a fitting reply." He withheld use of his name, but added: "Let the American people be the judge of that kind of criticism of the President of the United States."

Senator Tydings (D-Md.), chairman of the inquiry committee, said he had "absolutely no comment" on McCarthy's remarks.

The Wisconsin Republican made his blunt attack on Mr. Truman in a telegram to the vacationing President at Key West, Fla.

"I feel," McCarthy told Mr. Truman,

man, "that your delay of this investigation by your arrogant refusal to release all necessary files is inexcusable and is endangering the security of this nation."

"Entitled To Facts"
McCarthy noted that the Senate, in voting to investigate his charges of Reds in the State Department,

gave the inquiry committee power to subpoena the loyalty files of persons against whom he brought charges.

The Senate, McCarthy added in his telegram to the President, "was not requesting from you a favor which you have the right to withhold, but rather was demanding the information which the Congress is entitled to under the constitution." He added: "It should be significant to you that not even one Democrat

voted against the resolution providing of the subpoena of the files."

McCarthy's wire appeared to give the impression that Mr. Truman has ignored a subpoena for the files. The committee has not issued one so far. Senator Hickenlooper of Iowa, one of the Republican members, has demanded that the subpoena power be used.

Tydings has said he prefers to try first to get the records on a voluntary basis. He has said he will

resort to a subpoena if that fails, but he also has declared that all legal precedent is against forcing the President to yield the files.

Miss Eason was carried from the stage after she began an intermission program of classical music, during the afternoon session of the forum.

She returned at the end of the session, after an hour's rest, and finished her program. Miss Eason is a student at the Academy of vocal Arts.
